

# Does your home qualify for a large license in California?

Home has at least 3  
detached sides

*My Home Preschool*

School will usually be  
on bottom floor. If  
someone lives on  
floor beneath FCC,  
must have sprinkler  
system on that floor

2 separate exits to  
the street - second  
exit CANNOT go  
through the kitchen  
or garage

**\*\*Note that final determination as to whether a home qualifies for a large license is based on an inspection by the fire department.\*\***
